NOTICE CONCERNING CARRIERS LIMITATION OF LIABILITY

If the carriage involves an ultimate destination or stop in a country other than the country of departure, the Montreal Convention or the Warsaw Convention may be applicable to the liability of the Carrier in respect of loss of, damage or delay to cargo. Carrier's limitation of liability in accordance with those Conventions shall be as set forth in subparagraph 4 unless a higher value is declared.

CONDITIONS OF CONTRACT

1. In this contract and the Notices appearing hereon: CARRIER includes the air carrier issuing this air waybill and all carriers that carry or undertake to carry the cargo or perform any other services related to such carriage.

SPECIAL DRAWING RIGHT (SDR) is a Special Drawing Right as defined by the International Monetary Fund.

WARSAW CONVENTION means whichever of the following instruments is applicable to the contract of carriage: the Convention for the Unification of Certain Rules Relating to International Carriage by Air, signed at Warsaw, 12 October 1929; that Convention as amended at The Hague on 28 September 1955; and that Convention as amended by Montreal Protocol No. 1, 2, or 4 (1975).

MONTREAL CONVENTION means the Convention for the Unification of Certain Rules for International Carriage by Air, done at Montreal on 28 May 1999.

2. Carriage is subject to the rules relating to liability established by the Warsaw Convention or the Montreal Convention unless such carriage is not international carriage as defined by the applicable Conventions.

To the extent not in conflict with the foregoing, carriage and other related services performed by each Carrier are subject to applicable laws and government regulations; provisions contained in the air waybill; Carrier's conditions of carriage and related rules, regulations, timetables and applicable tariffs.

Carrier's conditions of carriage include limits on liability for loss, damage or delay; claims restrictions; rights of the Carrier to change the terms of the contract; rules about Carrier's right to refuse carriage; and rights and limitations concerning delay or failure to perform service.

3. The agreed stopping places, which may be altered by Carrier in case of necessity, are those places set forth on the face hereof or shown in Carrier's timetables as scheduled stopping places for the route. Carriage to be performed by several successive Carriers is regarded as a single operation.
4. For carriage to which the Montreal Convention does not apply, Carrier's liability limitation for cargo lost, damaged or delayed shall be 19 SDRs per kilogram unless a greater per-kilogram monetary limit is provided in an applicable Convention or Carrier's tariffs and general conditions of carriage.
5. Except when the Carrier has extended credit to the consignee without the written consent of the shipper, the shipper guarantees payment of all charges for the carriage due in accordance with Carrier's tariff, conditions of carriage, applicable laws, government regulations, orders and requirements.

When no part of the consignment is delivered, a claim with respect to such consignment will be considered even though transportation charges thereon are unpaid.

6. For cargo accepted for carriage, the Warsaw Convention and the Montreal Convention permit the shipper to increase the limitation of liability by declaring a higher value for carriage and paying a supplemental charge if required.

7. In cases of loss of, damage or delay to part of the cargo, the weight to be taken into account in determining Carrier's limit of liability shall be only the weight of the package or packages concerned. For foreign air transportation, shipment weight shall be prorated to the packages covered by the same air waybill whose value is affected.

8. Any exclusion or limitation of liability applicable to Carrier shall apply to Carrier's agents, employees and representatives and to any person whose aircraft or equipment is used by Carrier for carriage.

9. Carrier undertakes to complete the carriage with reasonable dispatch. Where permitted by applicable laws, tariffs and government regulations, Carrier may use alternative carriers, aircraft or modes of transport without notice but with due regard to the interests of the shipper. Carrier is authorized to select or change the routing and intermediate stopping places.

10. Receipt by the person entitled to delivery of the cargo without complaint shall be prima facie evidence that the cargo has been delivered in good condition and in accordance with the contract of carriage.

In the case of damage, complaint must be made immediately after discovery and at the latest within 14 days from receipt; in the case of delay, within 21 days; and in the case of non-delivery, within 120 days from issue of the air waybill.

Any rights to damages against Carrier shall be extinguished unless an action is brought within two years from the date of arrival at destination, the date on which the aircraft ought to have arrived, or the date on which carriage stopped.

11. Shipper shall comply with all applicable laws and government regulations of any country to or from which the cargo may be carried, including those relating to packing, carriage or delivery of the cargo, and shall furnish such information and documents as may be necessary.
12. No agent, employee or representative of Carrier has authority to alter, modify or waive any provisions of this contract.
